

Campaign Dog Academy is pleased to be hosting Gary White as he presents a two-part workshop on Jumping: Creating a Skilled Jumping Dog and Improving Jump Collection Skills.

Gary White is an accomplished agility competitor, judge and instructor. Gary trains and teaches Linda Mecklenburg's acclaimed 'Developing Jumping Skills' jumping program. Gary also teaches the jump collection training of two time FCI World Champion Sylvia Trkman. These two methods are complimentary and can be combined to create incredibly savvy jumping dogs. This workshop is great opportunity to improve your understanding and skill in jump training so you can create a strong jumping foundation for your young dog or increase your mature dog's jump collection skills.
